Subject: Message of Condolence and Solidarity Regarding the Flood Disaster

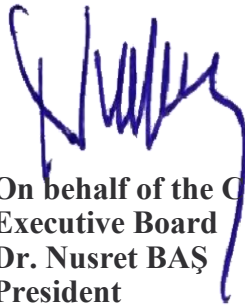

We have been following with great concern the severe flood disaster that occurred in the Republic of Dagestan on April 6, 2026, resulting in the loss of lives and property. In these difficult days, we sincerely share the pain experienced by the brotherly people of Dagestan.

The spirit of unity and solidarity in the Caucasus has enabled us to overcome all kinds of hardships throughout history. Today, in the face of this flood disaster, we act with the responsibility bestowed upon us by our ties of kinship and brotherhood. We hope that the competent authorities will develop permanent solutions for the welfare and security of Dagestan, which we consider an essential part of a unified Caucasus.

On the occasion of this tragic event, we pray for Allah's mercy upon those who lost their lives, wish patience and fortitude to their grieving families, and a speedy recovery to the injured. We fully believe that with the resilience shown by the administration and the people of Dagestan, this challenging period will be overcome as soon as possible and the wounds will be healed through collective efforts.

Our prayers are with you.

Deepest sympathies to our dear Dagestan!
